INDEPENDENT AUDITOR'S REPORT

TO
THE MEMBERS OF
WELSPUN SATTANATHAPURAM NAGAPATTINAM ROAD PRIVATE LIMITED

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of **WELSPUN SATTANATHAPURAM NAGAPATTINAM ROAD PRIVATE LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2019, the Statement of Profit and Loss (including other comprehensive income) for the period 19th September 2018 to 31st March 2019, the Cash Flow Statement for the year then ended and the statement of changes in equity for the period, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Ind AS financial statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, and its profit (including other comprehensive income), its cash flows and the statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibility for Ind AS Financial Statements

The Company's Board of Directors is responsible for the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act 2013 ("the Act") read with relevant rules issued there under.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing Ind AS financial statements, management is responsible for assessing the company's ability to continue as going concern, disclosing, as applicable, matter related to going concern and using the going concern basis of accounting unless management either intended to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Ind AS financial statements. The procedures selected depend on the

auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern, If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Report on Other Legal and Regulatory Requirements

- I. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the Order.
- II. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of cash flows and the statement of changes in equity dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, the aforesaid Ind AS financial statements comply with the Ind AS specified under Section 133 of the Act, read with relevant rules issued there under;
 - e) On the basis of the written representations received from the directors as on 1 April 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2019 from being appointed as a director in terms of Section 164 (2) of the Act;
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B"; and
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company does not have any pending litigations which would impact its financial position.
- ii. The Company did not have any long-term contracts including derivative contracts having any material foreseeable losses; and
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2019

Annexure - B to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **WELSPUN SATTANATHAPURAM NAGAPATTINAM ROAD PRIVATE LIMITED** ("the company") as of 31 March 2019 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013. As informed to us the internal audit is being conducted for the parent company, which covers the subsidiary company audited by us.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by

the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE - A TO THE INDEPENDENT AUDITOR'S REPORT
(Referred to in paragraph – 1 on Report on Other Legal and Regulatory Requirements of our report of even date)

- i. In respect of Property, Plant and Equipment:
 - a. The company does not have any property, plant and equipment during the year. So the reporting obligation under this clause is not applicable.
- ii. In respect of inventories:

The company does not have any inventories during the year. So the reporting obligation under this clause is not applicable.
- iii. In respect of loans granted:

The Company has not granted any loans, secured or unsecured, during the year.
- iv. In respect of loans, investments, guarantees and security:

According to the information and explanations given to us and on the basis of our examination of the records, the Company has not given any loans, guarantees and security or not made any investment as stipulated in section 185 and 186 of the Companies Act, 2013.
- v. In respect of acceptance of deposits:

The Company has not accepted any deposits with non-compliance of directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed there under.
- vi. In respect of cost records:

In our opinion and according to the information and explanations given to us, the Company does not fall within the criteria prescribed by the Central Government for maintenance of cost records under section 148(1) of the Companies Act, 2013.
- vii. In respect of statutory dues:
 - a. According to the information and explanations given to us and on the basis of our examination of the records, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, sale-tax, service-tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues applicable to it.
 - b. According to the information and explanations given to us, there is no amount due on account of dispute in respect of income-tax or sales-tax or service-tax or duty of customs or duty of excise or value added tax.

- viii. In respect of default of repayment of loans or borrowing:
According to the information and explanations given to us and on the basis of our examination of the records, the Company has not defaulted in repayment of loans or borrowing to a financial institution or bank or Government or debenture holders.
- ix. In respect of application of money raised:
According to the information and explanations given to us and on the basis of our examination of the records, the Company has not raised the money by way of initial public offer or further public offer (including debt instruments) and term loans.
- x. In respect of fraud:
To the best of our knowledge and belief and according to the information and explanations given to us, no fraud by or on the Company has been noticed or reported during the year.
- xi. In respect of managerial remuneration:
According to the information and explanations given to us and on the basis of our examination of the records, the managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.
- xii. In respect of Nidhi Company:
According to the information and explanations given to us and on the basis of our examination of the records, the company is not a Nidhi Company.
- xiii. In respect of transactions with related parties:
According to the information and explanations given to us and on the basis of our examination of the records, all the transactions with related parties are in compliance with section 177 and 188 of the Companies Act, 2013 where applicable and the details have been disclosed in the Financial Statements etc., as required by the applicable accounting standards.
- xiv. In respect of allotment or placement of shares:
According to the information and explanations given to us and on the basis of our examination of the records, the Company has made preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and the moneys raised by way of initial public offer or further public offer (including debt instruments) and term loans are applied for the purposes for which those are raised.
- xv. In respect of non-cash transaction:
According to the information and explanations given to us and on the basis of our examination of the records, the Company has not entered into any non-cash transactions with directors or persons connected with them in non-compliance of provision of section 192 of the Companies Act, 2013.

xvi. In respect of registration with RBI:

According to the information and explanations given to us and on the basis of our examination of the records, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and so, registration has not been obtained.

Welspun Sattanathapuram Nagapattinam Road Private Limited

Notes forming part of the financial statements

1. Company information

Welspun Sattanathapuram Nagapattinam Road Private Limited, ('the Company') is domiciled and incorporated in India and is a subsidiary company of Welspun Enterprises Limited. The Company is engaged into infrastructure development on Hybrid Annuity model basis. It is incorporated on 19 September 2018.

The financial statements of the Company are prepared for the period from 19 September 2018 to 31 March 2019 and authorised for issue by the Board of Directors at their meeting held on 13 May 2019.

2 Basis of preparation

The financial statements have been prepared to comply in all material respects with the Indian Accounting Standards (Ind AS) notified under Section 133 of Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act and rules framed thereunder.

The financial statements have been prepared under the historical cost convention and on accrual basis, except for certain financial assets and liabilities which have been measured at fair value.

The financial statements are presented in Indian rupees (INR) with values rounded off to the nearest lakhs, except otherwise stated. Zero '0' denotes amount less than Rs 50,000/-

(b) Current and non-current classification

Assets and liabilities are classified as current if it is expected to realise or settle within twelve months after the balance sheet date. Deferred tax assets and liabilities are classified as non-current.

3 (A) Significant accounting policies

i) Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is classified as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is classified as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

The company has identified 12 months as its operating cycle.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Welspun Sattanathapuram Nagapattinam Road Private Limited

Notes forming part of the financial statements

Subsequent to initial recognition, property, plant and equipment are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria is met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. The carrying amount of the replaced part accounted for as a separate asset previously is derecognized. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss when incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision is met.

Depreciation on property, plant and equipment is provided on written down value basis as per the rate derived on the basis of useful life and method prescribed under Schedule – II of the Companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each reporting date and adjusted prospectively, if appropriate.

iii) Impairment of non-financial assets

The carrying amounts of other non-financial assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying amount exceeds its recoverable value. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the assets. An impairment loss is charged to the statement of profit and loss in the year in which an asset is identified as impaired. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. The impairment loss recognized in prior accounting periods is reversed by crediting to the statement of profit and loss if there has been a change in the estimate of recoverable amount.

iv) Service concession arrangements

The Company constructs or upgrades infrastructure (construction or upgrade services) used to provide a public service and operates and maintains that infrastructure (operation services) for a specified period of time. These arrangements may include infrastructure used in a public-to-private service concession arrangement for its entire useful life.

Under Appendix C to Ind AS 115 - Service Concession Arrangements, these arrangements are accounted for based on the nature of the consideration. The intangible asset model is used to the extent that the Company receives a right (i.e. a franchisee) to charge users of the public service. The financial asset model is used to the extent the Company has an unconditional contractual right to receive cash or another financial asset from or at the direction of the grantor for the construction services. When the unconditional right to receive cash covers only part of the service, the two models are combined to account separately for each component. If the Company performs more than one service (i.e., construction or upgrade services and operation services) under a single contract or arrangement, consideration received or receivable is allocated by reference to the relative fair values of the services delivered, when the amounts are separately identifiable.

Welspun Sattanathapuram Nagapattinam Road Private Limited

Notes forming part of the financial statements

In the financial assets model, the amount due from the grantor meet the identification of the receivable which is measured at fair value. Based on business model assessment, the Company measures such financial assets at fair value and subsequently also classifies the same as fair value through profit and loss ("FVTPL"). Any assets carried under concession arrangement is derecognised on disposal or when no future economic benefits are expected from its future use or disposal or when the contractual rights to the financial assets expire.

v) Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

The disclosures of significant accounting judgments, estimates and assumptions relating to revenue from contracts with customers are provided in Note 3(C).

a) Construction contract revenue

The Company derives revenue from the long-term construction of major infrastructure projects across India. The transaction price is normally fixed at the start of the project. It is normal practice for contracts to include escalation clause based on timely construction or other performance criteria known as variable consideration, discussed below. Revenue is recognized over time in the construction stream, when the customer simultaneously receives and consumes the benefits provided through the entity's performance or when the Company creates or enhances an asset that the customer controls.

The Company recognises revenue from construction contracts, using an input method on the basis of accumulated project expenses in relation to estimated accumulated project expenses upon completion. This method reflects close approximation of actual work performed. A provision is made for the difference between the expected cost of fulfilling a contract and the expected unearned portion of the transaction price where the forecast costs are greater than the forecast revenue.

b) Services revenue

The Company performs maintenance and other services. Revenue is recognised in the accounting period in which the services are rendered.

Welspun Sattanathapuram Nagapattinam Road Private Limited

Notes forming part of the financial statements

c) Variable consideration

It is common for contracts to include performance bonuses or penalties assessed against the timeliness or cost effectiveness of work completed or other performance related KPIs. Where consideration in respect of a contract is variable, the expected value of revenue is only recognised when the uncertainty associated with the variable consideration is subsequently resolved, known as "constraint" requirements. The Company assesses the constraint requirements on a periodic basis when estimating the variable consideration to be included in the transaction price. The estimate is based on all available information including historic performance. Where modifications in design or contract requirements are entered into, the transaction price is updated to reflect these. Where the price of the modification has not been confirmed, an estimate is made of the amount of revenue to recognise whilst also considering the constraint requirement.

d) Interest income

Interest income for all debt instruments, measured at amortised cost or fair value through other comprehensive income, is recognised using the effective interest rate ('EIR') method and shown under interest income in the statement of profit and loss. Interest income on interest bearing financial assets classified as fair value through profit and loss is shown as interest income under other income.

e) Contract Balances

Contract assets and contract liabilities

A contract asset is the right to consideration in exchange for goods or services transferred to the customer.

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer.

Unlike the method used to recognise contract revenue related to construction contract, the amounts billed to the customer are based on achievement of the various milestones established in the contract. The amounts recognised as revenue for a given year do not necessarily coincide with the amounts billed to or certified by the customer. In the case of contracts in which the goods or services transferred to the customer exceed the related amount billed, the difference is recognised (as a contract asset) and presented in the statement of financial position under "Contract assets", whereas in contracts in which the goods or services transferred are lower than the amount billed to the customer, the difference is recognised (as a contract liability) and presented in the statement of financial position under "Contract liabilities".

Trade receivables

A trade receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Revenue earned from construction activities, but yet to be billed to customers, is initially recognised as contract assets and reclassified to trade receivables when the right to consideration becomes unconditional. We refer to the accounting policies on financial assets in this note for more information.

Welspun Sattanathapuram Nagapattinam Road Private Limited

Notes forming part of the financial statements

f) Cost to obtain a contract

The Company incurs costs to obtain the contracts such as bidding costs, feasibility study. The Company has charged these costs to statement of profit and loss, as the Company does not expect to recover these costs.

g) Financing components

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer represents a financing component. As a consequence, the Company does not adjust any of the transaction prices for the time value of money. However incase financing element is present then the Company would split the transaction price between the consideration for services rendered and time value of money ('financing component')

h) Loss making contracts

A provision is made for the difference between the expected cost of fulfilling a contract and the expected unearned portion of the transaction price where the forecast costs are greater than the forecast revenue.

vi) Taxes on income

a) Current tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period.

b) Deferred tax

Deferred tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Welspun Sattanathapuram Nagapattinam Road Private Limited

Notes forming part of the financial statements

Minimum Alternate Tax (MAT) credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

vii) Foreign currency transactions

The Company's financial statements are presented in INR, which is also the Company's functional currency. Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rate are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of transaction.

viii) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and other short term highly liquid investments with an original maturity of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

ix) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares except when the results would be anti-dilutive.

x) Provisions, contingent liabilities and contingent assets

a) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) where, as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made to the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Welspun Sattanathapuram Nagapattinam Road Private Limited

Notes forming part of the financial statements

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed.

b) Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events beyond the control of the Company or a present obligation which is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. Information on contingent liabilities is disclosed in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits is remote.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognized, but are disclosed in the financial statements.

xi) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial assets

Initial recognition and measurement

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. The Company determines the classification of its financial assets at initial recognition. All financial assets are recognized initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset except for financial assets classified as fair value through profit or loss.

Subsequent measurement

For the purposes of subsequent measurement, financial assets are classified in four categories

- a) Debt instruments measured at amortised cost
- b) Debt instruments measured at fair value through other comprehensive income (FVTOCI)
- c) Debt instruments measured at fair value through profit or loss (FVTPL)
- d) Equity instruments measured at FVTOCI or FVTPL

Welspun Sattanathapuram Nagapattinam Road Private Limited

Notes forming part of the financial statements

Debt instruments

The subsequent measurement of debt instruments depends on their classification. The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

a) Debt instruments measured at amortised cost

Debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in the statement of profit and loss when the asset is derecognised or impaired. Income from these financial assets is included in interest income using the effective interest rate method.

b) Debt instruments measured at FVTOCI

Debt instruments that are held for collection of contractual cash flows and for selling the financial assets, where the assets cash flows represent solely payment of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses and interest income which are recognised in statement of profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in the OCI is reclassified from equity to statement of profit and loss. Income from these financial assets is included in interest income using the effective interest rate method.

c) Debt instruments measured at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any debt instrument (except as referred in 3 (A) (iv) as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

d) Equity instruments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as FVTPL. The Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Welspun Sattanathapuram Nagapattinam Road Private Limited

Notes forming part of the financial statements

B. Derecognition of financial assets

A financial asset is derecognised only when

- i) The Company has transferred the rights to receive cash flows from the financial asset or
- ii) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

C. Reclassification of financial instruments

The entity determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets, such as equity instruments designated as FVTPL or FVOCI. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets.

D. Impairment of financial assets

The Company assesses impairment based on expected credit losses (ECL) model to the following:

- i) Financial assets measured at amortised cost
- ii) Financial assets measured at fair value through other comprehensive income (FVTOCI)

Expected credit losses are measured through a loss allowance at an amount equal to

- i) the twelve months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within twelve after the reporting date) or
- ii) full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

E. Financial liabilities

a) Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. The Company determines the classification of its financial liability at initial recognition. All financial liabilities are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial liability except for financial liabilities classified as fair value through profit or loss.

b) Subsequent measurement

For the purposes of subsequent measurement, financial liabilities are classified in two categories:

- a) Financial liabilities measured at amortised cost
- b) Financial liabilities measured at FVTPL (fair value through profit or loss)

Welspun Sattanathapuram Nagapattinam Road Private Limited

Notes forming part of the financial statements

a) Financial liabilities measured at amortised cost

After initial recognition, financial liabilities are subsequently measured at amortized cost using the EIR method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of profit and loss.

b) Financial liabilities measured at fair value through profit or loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Financial liabilities at fair value through profit or loss are carried in the statement of profit and loss at fair value with changes in fair value recognized in the statement of profit and loss.

c) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

xii) Fair value measurement

The Company measures financial instruments, such as, investment in debt and equity instruments at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Welspun Sattanathapuram Nagapattinam Road Private Limited

Notes forming part of the financial statements

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

xiii) Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to the statement of profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset by equal annual installments.

xiv) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a Substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

xv) Exceptional items

On certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the company, is such that its disclosure improves an understanding of the performance of the Company. Such income or expense is classified as an exceptional item and accordingly disclosed in the notes to accounts.

Welspun Sattanathapuram Nagapattinam Road Private Limited

Notes forming part of the financial statements

3 (B) Changes in accounting policies and disclosures

Not Applicable

3 (C) Significant estimates, judgements and assumptions

The preparation of financial statements requires management to exercise judgment in applying the Company's accounting policies. It also requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures including disclosure of contingent liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis, with revisions recognised in the period in which the estimates are revised and in any future periods affected.

a) Revenue from contracts with customers

The Company applied the following judgments that significantly affect the determination of the amount and timing of revenue from contracts with customers:

- i. determination of stage of completion;
- ii. estimation of total contract costs;
- iii. estimation of total contract revenue, including recognising revenue on contract variations and claims only to the extent it is highly probable that a significant reversal in the amount recognised will not occur in the future;
- iv. estimation of project completion date; and
- v. assumed levels of project execution productivity.

Welspun Sattanathapuram Nagapattinam Road Private Limited

Notes forming part of the financial statements

b) Contingencies and commitments

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that have a low probability of crystallising or are very difficult to quantify reliably, are treated as contingent liabilities. Such liabilities are disclosed in the notes, if any, but are not provided for in the financial statements. There can be no assurance regarding the final outcome of these legal proceedings.

c) Impairment testing

i. Judgment is also required in evaluating the likelihood of collection of customer debt after revenue has been recognised. This evaluation requires estimates to be made, including the level of provision to be made for amounts with uncertain recovery profiles. Provisions are based on historical trends in the percentage of debts which are not recovered, or on more detailed reviews of individually significant balances.

ii. Determining whether the carrying amount of these assets has any indication of impairment also requires judgment. If an indication of impairment is identified, further judgment is required to assess whether the carrying amount can be supported by the net present value of future cash flows forecast to be derived from the asset. This forecast involves cash flow projections and selecting the appropriate discount rate.

d) Taxes

The Company periodically assesses its liabilities and contingencies related to income taxes for all years open to scrutiny based on latest information available. The Company records its best estimates of the tax liability in the current tax provision. The management believes that they have adequately provided for the probable outcome of these matters.

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

e) Fair Value Measurement

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date. For details of the key assumptions used and the impact of changes to these assumptions (Refer note 20).

Welspun Sattanathapuram Nagapattinam Road Private Limited

Notes forming part of the financial statements

3 (D) Standards issued but not yet effective

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these standards, if applicable, when they become effective.

The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standard.

i. Ind AS 116 Leases

Ind AS 116 Leases was notified on 31 March 2019 and it replaces Ind AS 17 Leases, including appendices thereto. Ind AS 116 is effective for annual periods beginning on or after 1 April 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for lessees – leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset.

Lessees will be also required to remeasure the lease liability upon the occurrence of certain events (e.g., a change in the lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognise the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset.

Lessor accounting under Ind AS 116 is substantially unchanged from today's accounting under Ind AS 17. Lessors will continue to classify all leases using the same classification principle as in Ind AS 17 and distinguish between two types of leases: operating and finance leases.

The Company intends to adopt these standards, if applicable, when they become effective. As the Company does not have any material leases, therefore the adoption of this standard is not likely to have a material impact in its Financial Statements.

Welspun Sattanathapuram Nagapattinam Road Private Limited

Notes forming part of the financial statements

ii. Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments

On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates. The standard permits two possible methods of transition - i) Full retrospective approach – Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight and ii) Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives. The effective date for adoption of Ind AS 12 Appendix C is annual periods beginning on or after April 1, 2019. The Company will adopt the standard on April 1, 2019 and has decided to adjust the cumulative effect in equity on the date of initial application i.e. April 1, 2019 without adjusting comparatives. The effect on adoption of Ind AS 12 Appendix C would be insignificant in the financial statements.

iii. Amendment to Ind AS 12 – Income taxes

On March 30, 2019, Ministry of Corporate Affairs issued amendments to the guidance in Ind AS 12, 'Income Taxes', in connection with accounting for dividend distribution taxes. The amendment clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company is currently evaluating the effect of this amendment on the financial statements.

iv. Amendment to Ind AS 19 – plan amendment, curtailment or settlement

On March 30, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements. The amendments require an entity:

- to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling. Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

18 Financial risk management objectives and policies

The Company is exposed to market risk, credit risk and liquidity risk. The Company's management oversees the management of these risks.

A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk.

a) Interest rate risk

This refers to risk to Company's cash flow and profits on account of movement in market interest rates.

For the Company the interest risk arises mainly from interest bearing borrowings which are at floating interest rates. To mitigate interest rate risk, the Company closely monitors market interest.

(i) Interest rate risk exposure (Rupees in lakhs)

	As at 31 March 2019
Variable rate borrowings	Nil

B) Credit risk

Credit risk from balances with banks is managed by the Company's treasury department in accordance with the Company's policy. The Company's maximum exposure to credit risk for the components of the balance sheet is the carrying amounts.

The carrying amount of following financial assets represents the maximum credit exposure:

(Rupees in lakhs)

	As at 31 March 2019
Service concession receivables	
Non-current	9,379
Current	-
Total	9,379

C) Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that the funds are available for use as per the requirements.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments as at 31 March 2019

	Total	Less than 1 year	1 to 5 years
Financial Liabilities			
Borrowings	83	83	-
Trade payable	9,170	9,170	-
Total	9,254	9,254	-

19 Capital Management

For the purpose of Company's capital management, capital includes issued capital and other equity reserves attributable to the shareholders. The primary objective of the Company's Capital Management is to maximize shareholder value. The company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants, if any.

The Company monitors capital using gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing borrowings, trade and other payables, less cash and cash equivalents.

(Amount in Lakhs)

		As at 31 March 2019
Net Debt	A	(1,291)
Total Capital	B	2,024
Capital and Net Debt	C = A + B	734
Capital Gearing Ratio	A / C	(1.76)

Welspun Sattanathapuram Nagapattinam Road Private Limited

20 a) Fair value measurements

On comparison by class of the carrying amounts and fair value of the Company's financial instruments, the carrying amounts of the financial instruments reasonably approximates fair.

Financial instruments by category (Rupees in lakhs)
As at
31 March 2019

	FVTPL	Amortised Cost
Financial assets (other than investment in subsidiaries, joint venture and associates)		
Non-current assets		
Service concession receivables	9,379	-
Current assets		
Cash and cash equivalents	-	379
Other bank balances	-	1,183
Other Current Assets	-	523
Total financial assets	9,379	2,085
Financial liabilities		
Current liabilities		
Borrowings	-	83
Current liabilities	-	189
Total financial liabilities	-	272

b) Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

(Rupees in

	Carrying amount As at 31 March 2019	Fair value measurement		
		Level 1	Level 2	Level 3
Service concession receivable	9,379	-	-	9,379

The following methods and assumptions were used to estimate the fair values:

- 1 Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for the expected losses of these receivables.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which uses inputs that have a significant effect on the recorded fair value that are not based on observable market data.

- 2 The carrying amounts of loans, trade receivables, cash and cash equivalents, other bank balances, other financial assets, non-current and current borrowings, trade payables and other financial liabilities that are measured at amortised cost are considered to be approximately equal to the fair value due to short-term maturities of these financial assets/ liabilities.
